## Let's Move Salad Bars to California Schools

---

### What is Let's Move Salad Bars to Schools?

A national movement is taking place to increase children's access and consumption of fresh fruit and vegetables by donating salad bars to schools nationwide. Known as "Let's Move Salad Bars to Schools," the initiative is working hard to end childhood obesity in a generation. School salad bars are a proven, effective strategy to increase kids' fruit and vegetable consumption and help them develop healthier eating habits. New nutrition standards double the amount of fruits and vegetables served in school lunches. Salad bars not only emphasize a colorful variety of fruits and vegetables, but are also the easiest way for schools to comply with nutrition standards.

The Centers for Disease Control and Prevention (CDC) is the lead federal agency for Let's Move Salad Bars to Schools. To date, more than 3,600 schools throughout the United States have received salad bars, benefitting millions of school children every day.

"Let's Move Salad Bars to Schools" is an initiative of the Food Family Farming Foundation, National Fruit and Vegetable Alliance, United Fresh Produce Association Foundation and Whole Foods Markets to support First Lady Michelle Obama's *Let's Move!* initiative.

### How is the Silicon Valley Leadership Group Foundation supporting salad bars in California?

In support of State Superintendent of Public Instruction Tom Torlakson's "Team California for Healthy Kids" and the national "Let's Move Salad Bars to Schools" initiatives, the Silicon Valley Leadership Group Foundation, along with partner organizations and member companies, is working to raise money to provide Silicon Valley schools with salad bars.

The Silicon Valley Leadership Group Foundation partnered with Lam Research in 2014 to launch the Heart & Soles 5-K, which funds salad bars in Silicon Valley schools. The "Year One Goal" was to raise enough revenue to provide Salad Bars for 30 K-12 schools. Thanks to the generosity of more than 30 Silicon Valley Leadership Group member companies, and the participation of nearly 1,000 people in the Inaugural Heart & Soles 5K, that goal was nearly doubled. The Foundation was able to provide 56 salad bars to 53 public schools in Santa Clara, Santa Cruz and Alameda counties.

The 2<sup>nd</sup> Annual Hearts & Soles 5K took place on February 7, 2015. With the dedication of member companies and community partners, as well as our nearly 1600 registered race participants, the Silicon Valley Leadership Group Foundation was able to raise enough funds to purchase an additional 66 salad bars in 2015.

The 3<sup>rd</sup> Annual Heart & Soles 5K occurred on March 12, 2016. With the support of member companies and community partners, the Silicon Valley Leadership Group Foundation achieved its ambitious goal and placed 73 salad bars in Silicon Valley schools.

Over this three year effort, the Foundation has provided a total of 195 salad bars serving over 145,000 students, most in underserved schools in economically disadvantaged neighborhoods.

### **What is the cost of a salad bar?**

A salad bar, with shipping, costs \$3100.

### **Who are the Primary Partners?**

The primary partners are the San José Silicon Valley Chamber of Commerce, South Bay Labor Council, Santa Clara County Office of Education, and member companies Lam Research and The Health Trust.
