

## Lam Research Heart & Soles Run - Corporate Challenge

Saturday, May 10, 2025 | 8 am | Santa Clara University

Looking for ways to drive employee engagement, foster corporate wellness, and give back to local youth? We invite you to join the [Heart & Soles Corporate Challenge](#)!

This competition within the [Lam Research Heart & Soles Run](#) pits companies of similar size against one another in a challenge to see which team can amass the most participation by race day with all proceeds going to our three amazing race beneficiaries in support of youth health and wellness.

The winners in their respective categories will earn a dedicated company table on race day, on-stage award presentation, and bragging rights throughout the Bay all while giving back to local youth!

Creating a team is simple – just let us know your company is “in” by reaching out to Katharina Tschirner at [katharinat@svlgfoundation.org](mailto:katharinat@svlgfoundation.org) or filling out the [2025 Corporate Challenge Registration Form](#). We will slot you into one of the following categories based on the number of your local employees:

CATEGORIES	NUMBER OF LOCAL EMPLOYEES	NUMBER OF AVAILABLE TABLE	QUALIFYING THRESHOLD*
Extra Small	1 - 50	2	12
Small	51 - 500	2	35
Mid-Size	501 - 1,000	2	60
Large	1,001 - 5,000	2	100
Extra Large	5,001 +	2	150

\*Companies must meet their category’s minimum registration threshold to qualify for a table.  
Deadline to be considered for a table is May 1, 2025 at 9 am PST.

Once set-up, we’ll provide you with custom registration links, a digital media kit and collateral to make internal promotion simple. We’ll even come out to your company for an on-site registration event to help get your team signed-up.

Additionally, many companies choose to subsidize all or some of their employees' registration fees to help encourage participation. We can set you up with a custom coupon code to distribute during promotion and invoice you for the total number of registrations after the race. We also offer discounted rates for pre-purchasing registrations. Contact Katharina for questions regarding group pricing and coupon codes.
